## **NEWSLETTER (XI - XII)**

### **September- November (2018-19)**

Education is a journey, not a destination. It is not a degree you get at the age of seventeen or twenty three but is the key which opens the door to new horizons. Essentially, knowledge, which comes from good education, can help to think analytically and wisely. When you use the stumbling blocks in your way and build a citadel where the human spirit triumphs; that's when you know that you have utilized your education well.
