Dear Families

Warm Greetings!!

As part of our ongoing efforts to provide a clean and hygienic dining experience for our learners, we would like to request your assistance in sending an apron and a mat with your child for their daily lunch every day, without fail.

We would also like to emphasize that ours is a "**Plastic Free School**" and would encourage our learners to carry food in Steel lunch box and water bottles instead of plastic box, plastic bags or plastic bottles.

We believe that this small initiative will go a long way in maintaining a clean and pleasant environment in not only inside the school, but also instill a consciousness towards having a plastic free and health environment. It also encourages our students to take responsibility for their surroundings.

We would further request you to label these items with your child's name and ensure they bring them daily.

Thanks

Principal
