SEPTEMBER 2025

MESSAGE FROM PRINCIPAL'S DESK

Dear Families

Warm Greetings

What a dynamic and truly impressive September we've shared! I am immensely proud to share the news of our official coffee table book on Sustainability being launched in the capital. This project is far more than an aesthetically beautiful publication; it is a powerful statement about our school's commitment to environmental stewardship and a testament to the focused, real-world impact our students and faculty are driving. This book is a landmark achievement, showcasing how our academic dedication can translate into genuine thought leadership on a global scale. We've demonstrated what's possible when intellectual curiosity meets collective action, and I congratulate everyone who played a part in this magnificent effort.

September also brought our focused academic month, which included important assessments. I want to commend our students for approaching these tasks with diligence and serious intent. It's crucial to remember that these evaluations serve as necessary signposts, providing us with data to measure growth and refine our educational path—they are not final destinations. While performance matters, the true, enduring value of education lies in the learning process itself, which is never ending.

As we move forward into the next semester, let us carry the momentum of this month's successes. Thank you for your continued partnership. I believe wholeheartedly in the extraordinary potential of our community to learn, lead, and inspire one another every single day. Let's keep exploring, growing, and reaching for the next horizon.

The Unending Road

Knowledge knocks upon an endless door.

So look beyond the test and the page,

The mind is set upon a boundless stage.

Keep seeking, thinking, challenging the known,

The seeds of growth are yours, and yours alone.
