We are pleased to present before you, the first edition of the NEWSLETTER of the session 2019-20 of Mount Abu Public School. We are really proud and exuberant to acclaim that we are ready with all new hopes and aspirations hues to bring out the issue, which is going to unfold the unraveled world of the most unforgettable and cherished moments of the school.

It is to be viewed as a launch pad for the children's creative urge to blossom naturally. As the saying goes, mind is like a parachute that works best when opened. This humble initiative is to set the budding minds free, allowing them to roam freely in the realm of imagination and experience to create a world of beauty.

This is an endeavor to make our budding talents give shape to their creativity and learn the art of being aware because we believe that success depends upon our power to perceive, the power to observe and the power to explore.

The school is figure of self-respect, love, affection, sensibility; responsibility and compassion which puts the students into a "State of flow" and makes them genuinely eager to learn. We recognize and appreciate the fine blend of sensibilities in a child for a positive outlook. This school attains its eminence in the first place through the achievements of children. This newsletter reflects the School spirit which is built up within the school through the collective actions, thoughts and aspirations henceforth defining and achieving the vision... Passionate Urge For Excellence at Par!

We believe that with the grace of almighty, we shall be able to serve with the best of our abilities.
